SUMMARY

Software engineer with hands-on experience on live enterprise backend systems at ICICI Lombard. Skilled in C#, Java, and backend development, with a track record of leading large-scale tech events and hackathons. Looking to grow as an SDE in an engineering-driven environment.

EDUCATION

- **Mumbai University, Vasantdada Patil College of Engineering** Mumbai, India
Bachelor of Engineering - Artificial Intelligence and Data Science March 2022 - 2025
- **Vidyalankar Polytechnic** Mumbai, India
Diploma in Computer Science March 2019 - 2022

EXPERIENCE

- **ICICI Lombard** Mumbai, India
Trainee Software Engineer August 2025 - Present
 - **Backend Development:** Working within the Commercial team on live enterprise projects. Responsible for developing and maintaining robust backend systems using C# and .NET technologies to ensure scalable application performance.
- **IBM - CSRBOX** Mumbai, India
Intern June 2023 - July 2023
 - **Data Normalization and Visualization:** Worked on data normalization for large datasets using MySQL and developed visualizations with Power BI to effectively communicate insights and trends.

PROJECTS

- **Personal Website & Blog Platform:** Built a full-stack platform with Next.js, TypeScript, and PostgreSQL featuring a blog, newsletter subscription, and contact system. Implemented a complete CI/CD pipeline using GitHub Actions and Docker Hub for automated deployments. <https://www.pranav-yamagekar.in>
- **3D Portfolio Website:** Built an interactive portfolio using Vite, Three.js, and Blender, featuring custom 3D models and immersive web experiences. **Live** — **GitHub**
- **AutoMed:** Developed an industry-level hospital management ERP system for GetFly Technologies using Node.js, Express, and MySQL to manage hospital operations and large-scale data.
- **Hackathon Project:** Won the Techshala hackathon by developing a mobile app for SoftScribble Pvt Ltd using Flutter and Directus CMS in a 2-day event.

HONORS AND AWARDS

- 2nd Runner UP in Eureka ICICI lombard flagship Hackathon
- First Place in National Science Exhibition of India, issued by NCERT
- Competitor at WRO® - World Robot Olympiad (Nationals)

CERTIFICATIONS

- **The Git and Github Bootcamp:** Issued by Udemy, Jan 2026
- **Programming Expert:** Issued by AlgoExpert, March 2024, CID - 3244363636

VOLUNTEER EXPERIENCE

- **Quasar Hackathon Series** Mumbai, India
Organizing Head
 - **Quasar 3.0:** Led a national-level hackathon with 2,648 registrations across 250+ institutions from 17 states.
 - **Quasar 2.0:** Organized a 24-hour hackathon with 1,100+ participants and 475+ teams across 81+ cities.
- **IETE** Mumbai, India
Chairman
 - **Oscillation 2024:** Organized a technical fest with 6 competitions, 600+ participants, and Rs. 17,000 prize pool.
- **VPPCOE&VA** Mumbai, India
Institute Event Head March 2023 - 2025
 - **Event & Placement Management:** Led planning and execution of institute-level technical and cultural events. Coordinated placement activities and managed student-industry engagement initiatives.

SKILLS SUMMARY

- **Languages:** C#, Java, C++, Python, JavaScript, TypeScript
- **Frameworks:** .NET, Next.js, React, Tailwind CSS, Flutter, Node.js, Express, REST APIs
- **Databases:** MySQL, PostgreSQL, OpenSearch
- **Tools:** Git, GitHub, Docker, GitHub Actions, Jenkins, Grafana, Power BI, Blender
- **Soft Skills:** Adaptability, Management, Detail-Oriented, Personal Accountability, Evaluative Thinking
- **Interests:** Computer Networks, DevOps, AI, UI & UX
